#### Remarks

An extraordinary statement of modern coastal elegance, this custom waterfront residence built in 2018 is a masterclass in refined living, where architectural detail, craftsmanship, and setting converge in the coveted enclave of Siesta Cove. Framed by sweeping water views and constructed with hurricane-rated windows and doors, the residence offers both elevated design and enduring peace of mind. Spanning five bedrooms and six full bathrooms, the home is thoughtfully curated for effortless luxury. The primary en-suite retreat on the main level provides a private sanctuary, while light-filled interiors and tranquil water vistas create a seamless connection to the outdoors from nearly every room. The great room commands attention with intricate ceiling artistry, custom built-in shelving, and a sleek electric fireplace-an inviting yet dramatic centerpiece for both intimate evenings and grand entertaining. A temperature-controlled walk-in wine cellar and elegant wet bar elevate the experience further. At the heart of the home, the kitchen is a vision of light and sophistication, featuring new designer Cambria countertops (Wolf & Subzero appliances) including double ovens, built-in refrigerated drawer and a built-in freezer drawer, a generous walk-in pantry, and a welcoming eat-in lavatory.
